Newsletter #17 – January 2020

Call for projects

- A new call for guest researchers is launched. [More information](#)

News

■ Job offers

The LGP2 is looking for an internship on “Mechanical properties of cryogels/aerogels of cellulose nanofibrils for drug delivery”. And the 3SR offers a post-doctoral position on “Wet lamination and drying of cellulose nanofibrils hydrogels on paper boards for renewable and biodegradable packaging: microstructures and hygromechanical couplings”. [More information](#)

■ 24th International Symposium on Plant Lipids

The 24th International Symposium on Plant Lipids will be held in Grenoble from July 5 to 10, 2020. There will be a session about Glycolipids. More information and registration to come: [the website will open soon](#). [Download the flyer](#).

■ Structural Glycoscience Summer School

The 2020 edition of the Structural Glycoscience Summer School will be held from 17th to 19th of June at IBS on EPN campus and at CERMAV on UGA campus. The Summer School is co-organized by the Glyco@Alps CDP project from Idex UGA and the EEC network PhD4GlycoDrug. Registration will open soon. [More information](#)
