Newsletter #22 – November 2020

News

■ PhD Glyco@Alps scientific day

We will organize a scientific Glyco@Alps day on December 3. Due to the sanitary crisis the event will be totally virtual (on Zoom). This symposium will be dedicated to our PhD students. Each of them will present their research project. Open to all. Registration required. [More information](#)

■ PhD students explain their research projects on video

Simona Notova and Dylan Jabeguero are both 2nd year PhD students at Cermav and are part of the synBIOcarb European Training Network. They made a video about their research projects. [More information](#)

■ Glyco 2030: A Roadmap for Glycoscience in Europe

Glyco@Alps participated to the Glycoscience roadmap coordinated by CarboMet. This roadmap aims to identify key opportunities and applications in glycoscience in the next 10 years and help inform the broader community, including scientists at all levels, media and policymakers.
