

Glyco@Alps
Univ. Grenoble Alpes

On the future of glycoscience?

International Workshop

June 5 & 6 2019

Sessions and keynote speakers

Natural and Biomimetic Glycocompounds
Silvia Vignolini, University of Cambridge, UK

Bioactive Glycomolecules I
Antonio Molinaro, University of Napoli Federico II, Italy

Bioactive Glycomolecules II
Christoph Rademacher, Max Planck Institute of Colloids and Interfaces,
Potsdam, Germany

Glycobiology, the latest applications for neuroscience
Rita Gerardy-Schahn, Medical University of Hannover, Germany

Bioeconomy for Glycosciences
Rodney Townsend, GnosTek, UK

New and Smart Glycomaterials
Bjorn Christensen, NTNU, Trondheim, Norway

Virtual and Real Glycotools
Frédérique Lisacek, Swiss Institute of Bioinformatics, Geneva,
Switzerland

Global Challenges Science Week

International interdisciplinary days
of Grenoble Alpes

3 to 6 June

financed by
IDEX Université Grenoble Alpes
